## **ASC Soldiers Caddie for PGA Tour Pros at John Deere Classic Golf Tournament:**

Three Soldiers from Headquarters, U.S. Army Sustainment Command at Rock Island Arsenal, Ill., caddied for professional golfers during the John Deere Classic Golf Tournament at TPC Deere Run in Silvis July 9. Maj. Max Donaldson, Master Sgt. Jonathan Pollard and Staff Sgt. Shawn Hayden were among a group of Soldiers

stationed at Rock Island Arsenal who served as military caddies on pro-am day at the tournament. The three Soldiers from ASC were joined by several Soldiers from First U.S. Army, also headquartered at the Arsenal. Wearing camo-covered bibs identifying them as military caddies, the Soldiers replaced the pro golfers' regular caddies on the course's 15th hole. They carried bags, pulled out clubs, and walked

alongside the pros, chatting and sharing a few laughs as they strolled down the fairway. At the end of the 484-yard, par 4 hole, the pro golfers and Soldiers exchanged handshakes and pleasantries, with the Soldier usually coming away with an autographed hat, ball or other item. ([More](#))

## Joint Munitions Command Honors

**New Hall of Fame Inductees:** The Joint Munitions Command workforce paused from its mission to honor ten new members of the Ammunition Hall of Fame here, July 9. Richard Janik and Albert Ehringer were inducted in a ceremony hosted by Brig. Gen. Kristin K. French, JMC commanding general, to recognize their contributions to the ammunition community. The eight additional inductees will be recognized at ceremonies at other installations later in July. ([More](#))

## Senior Army Leader Visits First

**Army:** The Deputy Assistant Secretary of the Army (Manpower & Reserve Affairs) for Training, Readiness and Mobilization came to First Army's headquarters here today to learn more about the command's Army National Guard and Reserve training mission. "It's important

for me...to keep an eye on a lot of the reserve component issues," said Raymond F. Rees, a retired Army National Guard major general who has served as the Oregon Adjutant General, director of the Army National Guard, vice chief and acting chief of the National Guard Bureau, and chief of staff of North American Aerospace Defense Command and U.S. Northern Command.

## Joint Munitions Command Featured in Army's StandTo!:

✂ The Joint Munitions Command provides the ammunition life-cycle functions of logistics sustainment, readiness and acquisition support for all U.S. military services, other government agencies, and allied nations as directed. JMC provides bombs and bullets to America's fighting forces -- all services, all types of ammunition from bunker-buster bombs to rifle rounds. JMC manages plants that produce more than 1.6 billion rounds of ammunition annually and the depots that store the nation's ammunition for training and combat. ([More](#))

## **ASC/AMC "Best Warrior"**

**Competition Notification:** ASC is conducting the ASC/AMC NCO and Soldier of the Year "Best Warrior" competitions at Rock Island Arsenal **July 28-31** (AMC); in order to recognize and showcase the best Soldiers in the ASC/AMC. The competition will consist of critical thinking skills testing, performance-based and hands-on evaluations. The competition will test each competitor's Army aptitude via an Army physical fitness test, board interviews, a written exam, essay writing, day and night urban orienteering, a rifle proficiency range, a mystery event, and warrior tasks and battle drills. The competitors will be moving in and around the Island 5 a.m. – 11 p.m. daily during the scheduled events. Please be aware that the warrior task and battle drill lanes originate around the Arsenal test track and include use of simulators and blank ammunition firing. The urban orienteering events require Soldiers to move through unrestricted areas throughout the Island. This announcement is intended to

inform you of the circumstances of these competitions and reduce any confusion in the Soldier activities that you may witness during these time frames. To keep up-to-date on the competition, visit the ASC web site at [www.aschq.army.mil](http://www.aschq.army.mil) or the ASC Facebook page at [www.facebook.com/ArmySustainmentCommand](http://www.facebook.com/ArmySustainmentCommand).

### **Installation Management Shares**

**Army Garrison Needs:** Lt. Gen. David Halverson and Honorable Katherine Hammack visited Fort Sill June 27 to let Fort Sill Garrison employees know how to help the Army in its time of

transition. They also viewed how the post was handling a highly discussed humanitarian mission. Halverson, former Fort Sill commanding general and now the assistant chief of staff for Installation Management and IMCOM commanding general, returned for his first joint visit with Hammack, the assistant secretary of the Army for Installations, Energy and Environment. ### **Army Publishes SHARP Campaign**

**Plan:** "We must take conscious steps to understand and reduce environmental risks, identify predatory behaviors, and mitigate personal vulnerabilities associated with sexual assault and harassment," Lt. Gen. Howard B. Bromberg, G-1, said in the opening letter of the Army's first formal Sexual Harassment/Assault Response and Prevention campaign plan. The Army has seen a 50-percent increase in reports on sexual assault in fiscal year 2013 compared to fiscal year 2012, and officials believe it may be an indication of greater confidence in the Army's response systems and chain of command. In order to keep the momentum going by increasing awareness of Sexual Harassment/Assault Response and Prevention, known as SHARP, services

and encouraging victims to report, the SHARP campaign plan provides a road map of how the Army intends to synchronize actions across five lines of effort. ([More](#))

### **Burn-Pit Registry for Veterans Signed Into Law**

President Obama signed legislation Thursday requiring the Veterans Affairs Department to establish a registry for troops and veterans who lived and worked near open-air burn pits used to dispose waste in Iraq, Afghanistan and elsewhere overseas. In addition to including new requirements for providing a casket or urn for veterans with no known next of kin and establishing care for a military cemetery in the Philippines, the Dignified Burial and Other Veterans Benefits Improvement Act, S. 3202, aims to pinpoint the number of veterans who may have been exposed to burn-pit smoke so VA can track their medical histories and keep them apprised of new treatments for associated conditions. ## **Arsenal Traffic/Construction**

**Rock Island Viaduct Sidewalk Closed to Pedestrians:** "Sidewalk Closed" signs have been erected at either end of the Rock Island Viaduct sidewalk. These signs were placed because of the

tripping hazard that the condition of the sidewalk presents. Attached illustration indicates the suggested alternative route (STR276 American Discovery Trail and Pedestrian Bridge) during the closure.

**2014 Bus Stop Repair:** Beginning **June 23**, and lasting through **July 15**, the Directorate of Public Works will begin work on replacing the deteriorated concrete around the bus stop on the SW corner of Rodman and Gillispie. The work will require the closure of the sidewalk for the duration and intermittent lane closure. Signage and safety barriers will be positioned at appropriate locations. Project is scheduled to be completed by **July 15**.

**Upstream Sidewalk Closure on Government Bridge:** Until further notice, the "upstream" sidewalk on the Government Bridge, Structure 320, is closed because of damages caused by a barge. The bridge is only able to turn in a single direction and must return to the same position for closing. This will lengthen the amount of time the bridge is open for each barge and will increase delays for pedestrians, cars, and train traffic. The pedestrian gates for this sidewalk are "Closed", caution tape is on those gates, and a "Sidewalk Closed" sign has been positioned at the

Davenport end of that same sidewalk. The "downstream" sidewalk on the Government Bridge is open and safe to use.

### **Parking Lot 0J and Lot 3K Repair:**

Effective April 28, the Directorate of Public Works resumed work on repair of parking lots 0J and 3K, located north of buildings 60, 62, 360 and 390. The overall repair includes replacement of the asphalt paving and installation of curb and gutter on the north and south sides of Lot 0J and repaving of the south half of Lot 3K. Work will be completed in a three phased approach to minimize the effect on traffic flow and parking. Signage and safety barriers will be positioned at appropriate locations. Project is scheduled to be completed by **Sept. 1**. The attached drawing shows the phases for the project.

### **Future Ft. Armstrong Construction:**

In the upcoming construction season, Rock Island Arsenal will be performing work on the intersection of Ft. Armstrong Drive and Rock Island Drive. This work will result in a full vehicle closure for the Installation's Rock Island Gate and Rock Island Viaduct, as well as restricting vehicles crossing the Government Bridge to "Installation-only" traffic. The American Discovery

Trail will remain open. Construction is expected to last approximately two months, barring major weather delays. The exact construction start date is currently unknown. However, we have been coordinating with external agencies in an effort to minimize impact to the surrounding communities.

### **Reconstruction of River Drive from 19<sup>th</sup> Street to 23<sup>rd</sup> Street in Moline:**

The Illinois Department of Transportation is planning the reconstruction of River Drive from 19<sup>th</sup> Street to 23<sup>rd</sup> Street in cooperation with the City of Moline. This work will be performed in preparation for the replacement of the 1-74 Mississippi River Bridge and will provide connection points along River Drive for the future interchange ramps. The proposed project consists of full removal of the existing roadway in this area and replacement with new concrete pavement. In addition, new lighting, sanitary and storm sewers, water main, and a recreational path will be constructed throughout this section. In order to complete this work it will be necessary to close River Drive to traffic during the construction effort. The closure will be in effect from **Sept. 8 to Dec. 5**. The interchange of 1-74 with River Drive will also be closed during

this time, but will reopen following the completion of this work. We have made every effort to limit the timeframe of the work so as to reduce inconvenience to you and your customers. Detour routes will be signed to ensure that motorists can access local businesses effectively.

## Building/Space Closures

**Door Closure, Bldg. 102:** The Directorate of Public Works has closed the Bldg. 102 west door on Rodman Ave. until further notice. The stairs leading to the door were determined unsafe. A project is funded to make repairs and the door will be reopened after the stairs are repaired. Signs, barricades, and caution tape are posted to warn pedestrians and prevent access.

## Active Duty/Reserve Zone

**Back-to-School Brigade:** As a part of "Operation Homefront" the National Guard is conducting "Back-to-School Brigade," a school supply distribution event, on

**Aug. 10**, at the National Guard Armory in Milan, Ill. Eligible recipients include: Deployed, wounded, and active duty service members (E-1 through E-6 receive priority); Activated National Guard or Reserve members; Inactive National Guard and Reserve members. Those interested need to register at [www.operationhomefront.net](http://www.operationhomefront.net) after **July 7**. For questions, please contact Darcy Clardy at (800) 390-4643 or [darcy.clardy@operationhomefront.net](mailto:darcy.clardy@operationhomefront.net).

**Fatherhood Program, Build a Rocket Night:** Military Dads and their children are invited Thursday, **July 24**, at 5:30 p.m., for a night of rocket building at Memorial Park. **Ultimate Athlete Games, Active Duty Free Entry:** The Ultimate Athlete Games will be in Sandwich, Ill., on **July 19**. It features three timed short challenge courses (speed ¼ mile, strength 1 mile, and agility ½ mile). Each course has up to 10 obstacles on it. Runners race through the three

challenge courses, and the participant with the fastest combined time is the Ultimate Athlete. A total of 50 free entries will be given to active duty military personnel. If interested, take a look at the [website and register with code FREEREC](#). *This information is included for general interest and does not constitute endorsement of the businesses or products.*

**Bix 7 Road Race 40<sup>th</sup> Anniversary:** Ed Froehlich, race director of the Bix & Road Race, has informed the community that this year's race will be free to all active duty military. The race is on **July 26** in Davenport. Download registration at [bix7.com/2014/registration-info/](http://bix7.com/2014/registration-info/). Must pick up packet in person and show military ID. The 7-mile road race is annually held during late July, in the streets of downtown Davenport. The race was founded in 1975 by John Hudetz, a resident of Bettendorf, Iowa. After competing in the 1974 Boston Marathon, Hudetz was inspired to bring the excitement to the Quad-Cities with a race of his own. The inaugural race had a field consisting of eighty-four runners.

Today the race is often run by 12,000 to 18,000 runners. ([More](#)) *This information is included for general interest and does not constitute endorsement of the businesses or products.*

## Safety Spotlight

**Bicyclists on RIA:** When approaching walkers/runners – in a loud, perceivable voice, please verbally warn walkers/runners that you are approaching. Simply saying "to your right (or left)" as you approach the walkers/runners informs them of your approaching and gives them time to react to stay on their side of the street or move out of the way. Remember: Bicyclists are to follow the rules of the road established for vehicles. Thus, ride with traffic (right lane of traffic) not against it. When riding on a one-way always ride favoring the right side of the road. Additionally, all bicyclists are to follow the posted speed limits and regulatory information signs that read: 10 mph when passing pedestrians on roadway.

**Walkers/Runners (AKA: Pedestrians) on RIA:** Always walk/run on sidewalks, when available. Additionally, walk/run

facing oncoming traffic. When walking/running on a one way always walk/run on the left side of the road. This affords you the most space as possible between a vehicle/bicycle (etc) as they are required to use the right side of the road. Additionally, walk/run no more than two abreast. Larger groups create hazards to the group and approaching vehicles/bicycles.

### Equal Opportunity Focus

**Army SHARP Annual Unit Refresher Training:** The Army's Sexual Harassment/Assault Response and Prevention training is a key element in the Army's multifaceted prevention approach. Leaders must establish a positive command climate that supports Soldier safety, emphasizes Army values, and encourages candor and trust among team members. Successful prevention of sexual harassment and sexual assault requires that all Soldiers and leaders understand expected standards of conduct; hold each other accountable for violations of those standards; and work together to build a unit climate of dignity, respect and sensitivity to others. SHARP life-cycle training is integral to the Army's efforts to effect cultural change by imparting the knowledge and

skill set required to execute their commitments to the SHARP Program and Army values. ([More](#))

**Summer Blues – July 2014:** School's out and the kids are home enjoying the long days of summer; or maybe not. While July is considered by some to be the happiest month of the year, sometimes the change in routine or expectations of the season can lead you or your children to feel depressed. Depression in children or their parents is a concern as either can negatively affect a child's wellbeing. Children who are

depressed may miss out on being with their peers and enjoying activities. It is also more likely for children who grow up with a depressed parent to be depressed in adulthood (Weissman, Wickramaratne, Nomura, Warner, Pilowsky & Verdeli, 2006). The good news is that treatment can help. A study reported in the Journal of the American Medical Association found that when mothers achieved remission of their depression symptoms through treatment their children also became less likely to be depressed (National Institute of Mental Health, 2006). Because treatment for mental health conditions can improve not only your life but also your children's, the Rock Island Arsenal Employee Assistance Program invites you to take advantage of the free and confidential counseling and referral services that the program has to offer. Schedule an appointment with an EAP counselor by calling (309) 782-4357. Master-level counselors can provide information, short-term counseling, and referral services. If you have any concerns about depression, talk it over with a trained professional at the EAP. You can also access an anonymous screening at [www.militarymentalhealth.org](http://www.militarymentalhealth.org).

### **DODI 1322.25 Voluntary Education Program Results in Tightening of**

**Army Tuition Policy:** With upcoming changes in policy, Soldiers using the GoArmyEd Army tuition assistance program will no longer be able to wait until the last minute to make their class requests—and they'll need to keep their grades up, as well. New policies that go into effect July 24 will require that GAE students have their Tuition Assistance requested and approved before the start date of the class. Previously, GAE students were able to submit requests for tuition assistance up to seven days after the class start date and still be eligible for funding. Now they'll need to do some advance planning. In order to ensure adequate time for Army Education Center staff to review and approve TA requests, Soldiers should submit their tuition request no later than 10 days prior to the start date of the course. Course sign-ups in the GAE system generally open two months ahead of the start date of each class, so students have ample time to complete their enrollments. Soldiers have always been encouraged to submit their requests far in advance so if errors or problems occur, they won't risk losing funding due to unforeseen delays. The new policy was announced in the July 26 memo signed by Dr. Pamela Raymer, Director of the Army Continuing Education Division.

**GI Bill Comparison Tool Online:** The Department of Veterans Affairs just announced the launch of VA's new [GI Bill Comparison Tool](#). Now you can find information online about Post-9/11 GI Bill benefits and the schools and training programs available to education beneficiaries. The new tool was developed with the assistance of the Consumer Financial Protection Bureau, the Department of Defense and the Department of Education. The [GI Bill Comparison Tool](#) provides key information about college affordability and brings together information from more than 17 different online sources and three federal agencies, including the number of students receiving VA education benefits at each school. ([GI Bill@ Comparison Tool](#))

**Testing Center Suspends CLEP Testing Temporarily:** The Western Illinois University National Testing Center for CLEP and DSST is temporarily suspending CLEP testing due to technical issues, according to Jacquelyn Holan, site administrator. DSST exams will still be offered on Tuesdays at the center, located in Bldg. 56. Please call (309) 762-9481 to schedule a test. Military personnel may take both CLEP and DSST exams for

free at any testing location; although they may have to pay the institution's administration fee (fees average around \$27 per exam). Alternate CLEP testing sites for local Soldiers are: Muscatine Community College, Muscatine, Iowa (25 miles from RIA), phone (563) 288-6056; and Ashford University in Clinton, Iowa (30-mile drive), phone (877) 241-9893. The National Testing Center hopes to reinstate CLEP testing by mid-August, said Holan. POC: [Alison Hemmert](#), (309) 782-1606.

**This Week in Rock Island Arsenal History – July 7-13:** Congress passed an Act on July 11, 1862, which established an arsenal at Rock Island. On July 12, 1950, the RIA responded to an emergency and shipped the first 3.5 rocket launcher (bazookas) to Korea during the early days of the conflict. On July 13, 1962, the RIA held a Centennial Ball at the Davenport Coliseum Ballroom. A king and queen were chosen in honor of their years of service at the RIA. In July 1814, Lt. John Campbell's expedition to Prairie Du Chien was ambushed and defeated just above Rock Island by Black Hawk's British Band. The island where the attack occurred bears the name Campbell's Island and a monument was placed at the site of the battle to commemorate those who died there.
